

SENTARA COMMUNITY PLAN PRESCRIPTION DRUG FORMULARY

(July- September 2026)

PLEASE READ: This document contains information about some of the drugs we cover in this plan. This Formulary is subject to change at any time. You will receive notice when necessary.

This formulary was updated on 07/01/2026

INTRODUCTION

This is a drug list created by Sentara Health Plans as a guide for doctor, pharmacists, health care professionals, and members in the selection of cost-effective medication therapy. Sentara Health Plans recognizes that drug therapy is an important part of effective health management.

The drugs listed have been reviewed by Sentara Health Plans Pharmacy and Therapeutics committee (P&T committee) and are approved as preferred. This drug list is reflective of current medical practice as of the date of review.

The information contained in this drug list and its appendices is provided for doctors, pharmacists, health care professionals, and members. This drug list is not final and is subject to change. This drug list is not a substitute for the knowledge, expertise, skill, and judgment of the medical provider in his or her choice of prescription drugs. All the information in this drug list is provided as a reference for drug therapy treatment. Specific drug choice for an individual patient rests solely with the medical doctor. This document must follow state rules and laws, including rules about using generic drugs, controlled substances scheduled, choosing brand drugs, and when generic drugs must be used.

This drug list is continually reviewed and adjusted. This process does not allow this document to be completely correct at all times. To allow regular changes, an updated online version of this formulary is available online. Sentara Health Plans welcomes your input and feedback on the information provided in this document.

Virginia Medicaid Pharmacy and Therapeutics (P&T) Committee

The Medicaid Pharmacy and Therapeutics Committee (P&T Committee) reviews information about how medicines work and how much they cost.

The Committee's doctors and pharmacists advise DMAS (the Department of Medical Assistance Services) about the pharmacy program.

For the Preferred Drug List (PDL) program, the Committee chooses which medicines are "preferred." Preferred medicines must be safe, work well, and meet cost standards based on the data available. The Committee looks at cost only after the medicine is found to be safe and effective.

The Committee also helps decide the rules for when it is okay to approve a medicine that is *not* on the preferred list.

Some medicines on the PDL have extra rules or clinical criteria. Providers may need to give more information when asking for approval of these medicines.

The full list of PDL rules and criteria can be found at:
viriniamedicaidpharmacyservices.com/

DEFINITIONS

Brand Medication - A drug that is usually manufactured and sold under a name or trademark by a drug manufacturer, or a medication that Sentara Health Plans Pharmacy Benefits Manager (PBM) identified as a brand medication.

Formulary Drug List – A list of preferred drugs based on clinical effectiveness, relative safety, and cost in comparison to similar drugs within a therapeutic class. As new medications become available, they may be considered not covered until they have been reviewed by the P&T Committee.

Generic Medication - A drug that has the same active ingredient as a brand drug or is identified as a generic drug by Sentara Health Plans Pharmacy Benefits Manager. Generic drugs approved by the United States Food and Drug Administration (FDA) are just as safe and effective as brand-name drugs. They have the same active ingredients, the same use, the same quality standards, and the same strength and form as the brand name medications.

Participating (Network) Pharmacy- A pharmacy (retail, mail service, or specialty pharmacy) that has entered into an agreement with Sentara Health Plans to provide prescription drugs to members and has been designated by Sentara Health Plans as a participating pharmacy.

Prior Authorization (PA) - The process of obtaining approval for certain prescription drugs (prior to dispensing) according to Sentara Health Plans guidelines. The ordering doctor must obtain approval from Sentara Health Plans. The list of prescription drugs requiring prior authorization is subject to periodic review and modification by Sentara Health Plans.

Step Therapy (ST) - The process of getting approval for certain prescription drugs that based on Sentara Health Plans guidelines, requires members to try one or more first or second line medicines before they are covered. If, for medical reasons, you cannot use those first-or-second line medicines, the doctor should request a prior authorization as explained in the Prior Authorization Process section below.

Specialty Medication – A medication classified by Sentara Health Plans as a specialty drug. Specialty drugs have unique uses and are generally prescribed for people with complex or ongoing medical conditions. These medications must be prescribed by a medical provider and dispensed by a participating specialty pharmacy, depending on the medication. Specialty Medications are limited to a 30-day supply.

Quantity Limit (QL) - A maximum quantity per prescription and/or time period. Quantity limits are developed based on FDA-approved medication labeling and nationally recognized therapeutic clinical guidelines.

BENEFIT COVERAGE AND LIMITATIONS

This drug list is for reference purposes only and does not guarantee or define benefit coverage and limitations. You may contact Sentara Health Plans Member Services regarding any coverage questions by calling 1-800-881-2166 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. Please note that the formulary process generally changes throughout the year. These changes typically occur due to, but are not limited to, the following reasons: approval of new medications, availability of newly approved generics, changes in clinical data, and medication

safety concerns. Sentara Health Plans is not responsible for payment if a medication was left out or listed in error.

The following topics may or may not apply to individual members depending on member-specific benefit parameters.

Coverage

Sentara Health Plans reserves the right to make changes in coverage criteria for covered products and services. Coverage criteria are medical and pharmaceutical protocols used to determine payment of products and services and are based on independent clinical practice guidelines and standards of care established by government agencies and medical and pharmaceutical societies.

Your retail prescription drug coverage includes up to a 34-day supply of a medication. In most cases, your prescription may be refilled after 75% of your previous supply. Select drugs may be available up to a 90-day supply if identified as a maintenance medication by Virginia Medicaid. The list of covered drugs for DMAS 90-day Medication Maintenance Management List can be viewed at sentaramedicaid.com/drugs.

Sentara Health Plans will cover up to a 12-month supply of contraceptives, including all oral tablets, patches, vaginal rings, and injections that are used on a routine basis when dispensed from a pharmacy.

Specialty Drugs are only available from a Plan Specialty Pharmacy and are limited to a 30-day supply unless limited by manufacturer packaging.

Prior Authorization Process

Some prescription drugs require approval from Sentara Health Plans before they can be filled. The ordering doctor must obtain approval from Sentara Health Plans. The prior authorization process requires the practitioner to provide information to support the clinical criteria that must be met for approval. The completed drug authorization request form and supporting clinical documentation must be submitted to Sentara Health Plans by fax to 1-800-750-9692. The pharmacy drug authorization request forms are available online. Providers have the option to submit an electronic prior authorization through Surescripts ePA.

Information needed to make coverage decisions of medications requiring prior authorization may include lab values, prescription history, a statement of medical necessity and any other pertinent information to satisfy the established coverage guideline for the requested medication. In most cases, coverage decisions will be made within 24 hours.

Member-Initiated Prior Authorization Process

Members can request a prior authorization by contacting the Sentara Health Plans Member Services at 1-800-881-2166 (TTY: 711), Monday through Friday, 8 a.m. to 8 p.m. When calling, the member should have the doctor's contact information (phone number) and any relevant information related to the request to provide to the Member Services representative. Members

may also initiate the prior authorization process by logging into the Member Portal and then clicking the link "Prior Authorization Pharmacy Request Form".

Quantity Limit Exception

Certain medications allow for a maximum quantity per prescription and/or time period. Medications with applicable quantity limits are noted on the drug list. If a prescription exceeds the quantity limit, the doctor should provide a statement of medical necessity and request a prior authorization for the quantity limit exception as described above.

Non-covered Drug Requests

A request for a non-covered drug requires documentation from the member's medical records and/or prescription claims history verifying the following:

- Statement of medical necessity; and
- Contraindications to ALL other formulary alternatives; or
- Therapeutic failure of adequate trials of one to three months of each and ALL other formulary alternatives.

Non-formulary requests may be requested by the doctor through the prior authorization process as described above.

*Please note that **Brand** products are listed in CAPITALS and **Generic** products are listed in *lowercase italics*.

What's Not Covered: Common Exclusions

Certain items may be excluded from your pharmacy benefit coverage. Prior authorization is generally not available for medications specifically excluded by benefit design. Commonly excluded products may include, but are not limited to:

- Drugs used for anorexia or weight gain.
- Drugs used to promote fertility.
- Medications whose primary purpose is cosmetic, including but not limited to hair growth. Agents used in the treatment of covered Gender Dysphoria services are not primarily cosmetic.
- Medications used for the treatment of sexual or erectile dysfunction, unless such agents are used to treat a condition other than sexual or erectile dysfunction, for which the agents have been approved by the FDA.
- All DESI (Drug Efficacy Study Implementation) drugs as defined by the FDA to be less than effective. Compound prescriptions, which include a DESI drug, are not covered.
- Drugs that have been recalled.
- Experimental drugs or non-FDA-approved drugs, except for children and youth covered under EPSDT.
- Any prescription drugs marketed by a manufacturer who does not participate in the Medicaid Drug Rebate Program.

Mandated Generic Substitution

Sentara Health Plans advocates the use of cost-effective generic medications where FDA-labeled brand-equivalent medications are available. A generic medication is approved by the FDA once the manufacturer has proven that it has the same active ingredient(s) as the brand-name medication. Generally, generic medications cost less than brand-name medications.

Virginia Medicaid requires that multiple-source drugs be filled with generics unless the doctor requests “Brand Medically Necessary” or if the brand-name drug is listed on the Virginia Medicaid Preferred Drug List as the preferred product.

OPHTHALMOLOGY	96
RESPIRATORY AND ALLERGY	99
UROLOGICALS	108
VITAMINS, HEMATINICS / ELECTROLYTES	109
Index	124

List of Abbreviations

OTC: Over the Counter. An OTC drug is a non-prescription drug.

PA: Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

Notice Informing Individuals About Nondiscrimination and Accessibility Requirements Discrimination is Against the Law

Sentara Health Plans complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Sentara Health Plans does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Sentara Health Plans:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact:

Sentara Health Plans Member Services
PO Box 66189, Virginia Beach, VA 23466
757-552-7401 or toll free 1-877-552-7401
TTY Relay 1-800-828-1140 or 711

If you believe that Sentara Health Plans has failed to provide these services or discriminated in another way based on race, color, national origin, age, disability, or sex, you can file a grievance with:

Sentara Health Plans
1557 Coordinator/Compliance
PO Box 66189, Virginia Beach, VA 23466
757-552-7485

You can file a grievance in person or by mail. If you need help filing a grievance, please contact the 1557 Coordinator at the information listed above.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW Room 509F, HHH Building Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD).

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

If you are visually impaired and need large print or other assistance to view this document, please contact us at 1-855-687-6260.
