

**Aetna Better Health® of Illinois**  
**Preferred Drug List**  
**September 2026**

This Formulary is up to date through the date of publication. Please notify Aetna Better Health of Illinois at [ABHILPharmacy@AETNA.com](mailto:ABHILPharmacy@AETNA.com) or 1-866-329-4701 TTY: 711 with any mistakes in the formulary.

## Pharmacy Program

Aetna Better Health® of Illinois is committed to providing high quality drug coverage to our members. We work with the Department of Healthcare and Family Services to include medications that treat many conditions and diseases. Aetna Better Health covers prescription and certain over-the-counter (OTC) medications when ordered by a network provider. The pharmacy program does not cover all medications. Some medications require prior authorization (PA) or have limitations on age, dosage and maximum quantities.

## Filling a Prescription

You can have your prescriptions filled at a network pharmacy. At the pharmacy, you will need to give the pharmacist your prescription and your ID card. You can find a pharmacy that is in the Aetna Better Health network by using the Find a Provider tool on **AetnaBetterHealth.com/Illinois-Medicaid**. If you need help finding a pharmacy near you or if you have any questions about drug coverage, call us at **1-866-329-4701 TTY: 711**.

There is no cost for covered drugs.

If your medication is not on the preferred drug list or is on the preferred drug list but has limitations, you can:

1. Speak with your doctor about switching to a similar medication that is on the preferred drug list.
2. Request a prior authorization or speak to your doctor about submitting a prior authorization for you. You or your doctor may do this by submitting the medication prior authorization form, found on **AetnaBetterHealth.com/Illinois-Medicaid**.

## Generic Drugs

Generic drugs have the same active ingredient and work the same as brand name drugs. When preferred generic drugs are available, the brand name drug will not be covered without prior authorization.

## Specialty Drugs

Specialty drugs are usually not available at retail pharmacies and require additional review and monitoring. These drugs are only covered when supplied by an Aetna Better Health network specialty pharmacy.

## Pharmacy Benefit Exclusions

The following drug categories are not part of the Aetna Better Health pharmacy benefit:

- Fertility enhancing drugs
- Anorexia, weight loss, or weight gain drugs
- Durable Medical Equipment (DME) products and medical supplies (unless listed on the PDL)
- Drugs and other agents used for cosmetic purposes or for hair growth

- Erectile dysfunction drugs prescribed to treat impotence
- Drug Efficacy Study Implementation (DESI) and Identical, Related and Similar (IRS) drugs that are classified as ineffective
- OTC products (unless listed on the PDL)
- Drugs not included in the Medicaid Drug Rebate Program, drug product data file (unless listed on the PDL)
